## CLASC Tryouts 2009 - 2010

### **Team Selection**

Each year CLASC players are selected through a try-out (competitive) process conducted by our professional staff. During tryouts, each age group is evaluated by several of the Club's professional staff who will determine the placement of players on specific teams. Team assignments are based on the best environment for individual development. Typically, there are multiple competitive teams formed per age group. Depending on the number of players who tryout and are selected, the Club may have two or three teams (Blue, Black, Red) for each age group. Players are encouraged to attend as many of the tryouts as possible in order to receive multiple evaluations during the tryout period.

### **Tryout Materials**

Players must complete a try-out registration form before participating. All players must wear shin guards and bring a ball and water to each tryout. Please reference the Age group information chart below to determine the correct age group your player will tryout for.

### **Our Season**

CLASC's competitive teams begin practice in mid August to prepare for tournament & league play in late August or early September. Indoor training begins in November and continues until late March. Each team will participate in an indoor league depending on team level. U15 – U19 teams training sessions will begin mid August into fall then an optional winter season with indoor training and league play finishing up in mid February.

### **Training**

Competitive teams, U8 and older, typically train twice weekly, games usually on Sundays.

### **Club Fees**

Please refer to each program for specific fees and team training details.
